Colori tenui, sofisticati, eterei per ambienti attuali e ricercati che vanno ad arricchire la già ampia selezione di cristalli disponibili in versione lucida e opaca. Le nuove tonalità del grigio chiaro vestono la casa di soave eleganza. La versione velvet antigraffio opaca evoca la morbidezza della seta che rende il cristallo caldo e piacevole al tatto.

Soft, sophisticated, ethereal colours for modern and elegant spaces to enrich the already wide selection of glasses available in glossy and matt versions. The new light grey hues dress up the house in delicate charm. The matt velvet anti-scratch version recalls the silk smoothness, making the glass warm and pleasing to touch.

Couleurs minces, sophistiquées et éthérées pour des milieux actuels et recherchés qui enrichissent la large sélection des verres disponibles dans la version brillant et opaque. Les nouvelles nuances du gris clair habillent la maison d'une suave élégance. La version velvet opaque anti-rayures évoque la souplesse de la soie qui rend le verre chaud et agréable au toucher.

Milde, raffinierte, ätherische Farben für aktuelle Umgebungen bereichern die große Auswahl an glänzenden und matten Gläser. Die neuen Farbtöne von hellgrau schenken dem Haus eine einzigartige Eleganz. Die velvet matte, kratzfeste Version erinnert an die Seidenweichheit, die das Glas warm und angenehm dem Tastsinn macht.

Colores elegantes, sofisticados y etéreos para ambientes actuales y refinados que enriquecen la ya amplia selección de cristales disponibles en las versiones brillantes y opacas. Los nuevos tonos de gris claro visten la casa de suave elegancia. La versión velvet anti-arañazos opaca evoca la suavidad de la seda que hace el cristal caliente y agradable al tacto.

Приглушенные, совершенные, воздушные цвета для современных и изысканных интерьеров, которые обогащают уже существующий широкий выбор стекол в глянцеовом и матовом исполнении. Новые оттенки светлого серого наполняют дом спокойной элегантностью. Версия матового стекла вельвет, устойчивого к царапинам напоминает мягкость шелка, что делает его теплым и приятным на ощупь.
